Gentlemen:

Please find the attached copy of the press release entitled “**A Brown signs power supply deal with SOCOTECO II**”.

Thank you for you kind attention.

Very truly yours,

ATTY. ROSA ANNA DUAVIT-SANTIAGO
Vice – President/ Chief Finance Officer/Treasurer

A BROWN SIGNS POWER SUPPLY DEAL WITH SOCOTECO II

A Brown Co. Inc. (ABCI), through a wholly owned subsidiary, Peakpower Energy Inc. has entered into a Power Supply and Transfer Agreement (PSTA) with South Cotabato II Electric Cooperative Inc. (SOCOTECO II) on March 20, 2013, wherein Peakpower will Build-Operate & Maintain-Transfer a 20.9-megawatt bunker-fired power plant in the franchise area of SOCOTECO II.

“This decision to build power generation facilities is our way of contributing a solution to the power problem in Mindanao”, Peakpower President, Mr. Roel Z. Castro said in a statement.

“We are pleased with the result of the negotiation process, SOCOTECO II welcomed our offer as a means of ensuring their peaking capacity requirements given the demand in their franchise area,” he added.

"We found the contract advantageous to the electric cooperative, given the reduction in our supply contracts with National Power Corporation (NPC) and a huge peaking requirement," Elenito C. Senit, SOCOTECO II Board President said.

Last March 11, 2013, the country's system operator announced a generation deficiency of the Mindanao grid of 170 megawatts. Given the limited output of hydropower plants and the reduced contract with NPC, SOCOTECO II has been compelled to continue to implement a four-hour rotational brownout, starting at 9AM to 9PM.

With the critical power situation in the area, businesses and industries will be greatly affected. ABCI will assist in enabling power customers maintain their desired level of economic activities by putting up the needed power capacities especially during peak hours.

The power supply agreement and the associated electricity rates governing the power generator and the distribution utility will be subject to the approval of the Energy Regulatory Commission.

Located in the southernmost tip of the Philippines, SOCOTECO II supplies electricity to SoCSarGen (South Cotabato, Sarangani & General Santos). SoCSarGen has continuously moved up the economy ladder due its rich agro-industrial base and natural tourist attractions.

A. Brown Company, Inc. is a publicly-listed corporation since 1994 with major interest in real estate, infrastructure development, agribusiness and investments in listed companies. ABCI, through its subsidiary Palm Thermal Consolidated Holdings, is the developer of the 135-MW coal-fired power plant project in the province of Iloilo.
